Afrikaans

English

John-Bruce Noad
Web Developer & Lecturer Assistant

I am a hard-working, honest, and reliable person with many strong values, including my Christian beliefs. I enjoy learning new things regarding the topics that interest me, including gaining new skills as is evident by my initially self-taught coding skills. I am a naturally driven and tenacious person, so when it comes to problem solving, I will definitely be a great asset to any business or organization that affords me the opportunity to bring something to their table. I always try my best to get along with others, and I enjoy helping my colleagues where I can.

Experience & Education Timeline

2021
Wynberg Boys High School l Lovers Walk, Wynberg, Cape Town
Matriculated With a Bachelors Pass (NSC)

At Highschool I took 8 subjects, including Afrikaans, English, Electronics, Mathematics, Physical Sciences, Life Sciences, Engineering and Graphic Design and Life Orientation, passing ass of them. Additionally I was also a member of the school chess team, and was involved in various sports, including athletics and hockey.

2022
Online: e.g. YouTube, W3School and Other Online Resources
HTML, CSS, JavaScript and NodeJS

After graduation from high school, I was unsure about whether or not to study further and what exactly I wanted to study, as a had a few different interests. I decided to take a gap year. I mostly spent this time learning about HTML, CSS, JavaScript and some of NodeJS from the internet (mainly YouTube). In this time, I also learn the basics of Flutter and Dart and dabbled a little in ReactJS.

Bergvliet High l Firgrove Way, Bergvliet, Cape Town
Excel Beginner and Intermediate Course Certificates

During my 2022 gap year, I also attended a 2 excel short courses at Bergvliet high. Here I was taught the basics of excel and how to use it.

2022 - 2023
Life Choices Academy l 314 Imam Haron Rd, Lansdowne, Cape Town
Web Development & Coding Student

In the academy, I was not only able to revise previously learnt skills such as HTML, CSS and JavaScript, I also furthered my skills in JavaScript and NodeJS, and learnt some new skills such as Bootstrap, VueJS and MySQL. Life Choices also taught valuable soft skills and life lessons in our regular self-development sessions, including communication skills mental resilience.

2023 - Current
Life Choices Studio l 314 Imam Haron Rd, Lansdowne, Cape Town
Intern Web Developer & Lecturer Assistant

After graduating at the Life Choices Coding Academy, I am currently working as an Intern at the Life Choices Studio, where I am continuing on my learning journey, learning new skills such as UX/UI Design, WordPress, PHP and more. At the same time I am also acting as an Assistant Coding Lecturer at the Life Choices Coding Academy, where I assist new web development students in learning skills such as HTML/CSS, Bootstrap, JavaScript, VueJS, NodeJS and MySQL.
